Nov & Dec 2008 Newsletter

14 Rochdale Square Lalor

Welcome to Bohemian Soul's newsletter. At last I have the time to research, read and type up an informative newsletter. As many of you know I am now based in Graz, Austria. I am in a quaint little village called Lieboch and am loving the 'green' way of life. They are amazing with their recycling and living in harmony with the land. Their organic local produce is affordable and readily available! I am really enjoying my walks to the local supermarkets and buying food that tastes so good and are chemical free!

With all the eating I am doing – including all the chocolate and cakes I am actually losing weight. MMMM.... are the hormones and chemicals in the Australian diet the weight culprits! I will leave that up to you to debate and I'm sure Mark our Naturopath has some very insightful views on this topic.

The Bohemian Soul Team are passionate about providing it's clients and community with outstanding wellbeing therapies and the best organic products available. As Bohemian Soul grows, so too will our supply of products and services. Become a member and support Bohemian Soul to provide you with the resources and tools you need to live a happier and healthier life.
